Briefing for General Valentino Babini, CO Special Armored Brigade

Objective: Preserve your armored force. Hold Mechili and drive the British from the field.

Additional details on game day.

Today is day 47 of the astonishingly successful British offensive against the Italian 10th Army in Egypt and Libya. The Italian line now has its left anchored on the coast at Derna, and its right at Mechili in the desert. Freshly equipped with the new M-13/40 medium tank your armored force is our last hope against British armor.
